

Asynchronous Development Activity

Mapping Development

Consider your development on each of these dimensions and mark where you think you land on the figure, where the center is 0/birth and the circumference is 10/the most mature you can imagine.

- logical-mathematical: logic, critical thinking, ability to understand principles of a system
- linguistic-verbal: reading, writing, speaking, understand others' words
- interpersonal: sensitivity to others' moods and feelings, ability to work cooperatively
- intrapersonal: deep understanding of self, introspective, self-reflective
- naturalistic: nurturing and relating information about natural surroundings
- musical: sensitive to rhythms and sounds, good pitch, may play or compose music
- bodily-kinesthetic: control of body, sense of timing of physical actions
- visual-spatial: spatial judgment, ability to visualize with the mind's eye
